Ground rent seems to be rent levied by the Sanitary Board on the occupier for building on the land belonging to the Sanitary Board a temporary habitation. The rent is payable so long as the occupier continues to live thereon. Thus ground rent, probably cannot be brought under the category of either a tax or cess but it may be brought under a 'rate'. come under the description of "a rate" as used in Section 59(1) of the Mysore Municipal Regl. A "rate" as so used is really a tax on certain descriptions of immovable property: cf. provisions (a) & (c), which use the word "tax" as including ~~the~~ rates on buildings & land. The difference between rent and tax is obvious enough: in the former case, it is a matter of contract and the property-rented belongs to the lessor; in the latter case, the property or object-taxed belongs to the person liable to the tax, ~~and~~ the imposition of which is authorised by statute.

31. Under the circumstances the Sanitary Board will have to proceed, I think, by way of suit only. Recovery of rent ^{as} under Section 166 is not possible in the absence of any provision in the Mysore Regl. making that section applicable to rent payable to the Sanitary Board.

NOTE—Contn. sheet.

Final Note by the Second Member of Council.

Subject

Procedure to be adopted for the recovery of arrears of ground rent in cooly colonies of the Kolar Gold Fields.

The Kolar Gold Fields Sanitary Board have reserved land marked out in sites for the erection of huts for housing the coolies. On some of these sites huts are erected at the cost of the Sanitary Board for which a monthly rent of Re.1/- each is recoverable from the occupiers and on others the coolies erect there own huts paying a ground rent of 8 annas a month for each hut. Generally the residents of these huts form a floating population and most of the rent has fallen into arrears. The Board, therefore, request that their Vice-President may be empowered to adopt coercive measures for the recovery of arrears by distraint and sale of moveables of the defaulters. After consulting the Government Advocate in Mysore, the Council have arrived at the opinion that the rent in question cannot be recovered under the law by distraint and sale of moveable property as proposed, as the rent is not based on Government sanction to levy and that the Board should apply for sanction of Government to imposing the ground rent under Section 35 (2)(b) of the Mines Regulation in the first instance. I recommend that orders may issue accordingly.

that the ground rent on
the Cooly Colonies on the Kolar

Bangalore.

Sir,

With reference to para 2 of Government Order No. 6198 L.B. dated the 23rd February 1916 making an observation on the arrears outstanding under "Rents from Cooly colonies", I have the honour to state that, as already brought to notice in para 3 of this office letter ^{LB 185-12-2} No. 296 dated the 3rd January 1914, the Board have absolutely no power under the existing Bye-laws, to employ coercive measures by way of distraint etc., for the recovery of these arrears in case of default. The Board proposed, at their meeting held on 23rd September 1913, that the Vice President should be empowered to adopt coercive measures for the recovery of arrears of rent, from the defaulters by distraint and sale of their (defaulters) movable property and that rules for the purpose may be prescribed on the same lines as those under the 'Local Boards Regulation' with necessary alterations and modifications to suit the local convenience.

2. The orders of Government in the matter have not yet been received. As without these powers it is practically found difficult to enforce prompt payment of these rents by the cooly colonists, I have the honour to request that early orders of Government may kindly be obtained in the matter and communicated to this office by ^{for} the adoption by the Board.

I have the honour to be,
Sir,
Your most obedient servant,

For President
Sanitary Board, K.C.F.
